

Number Rhymes

1) Number one is like a stick, a straight line down. That's very quick!

2) For number two, go right and around, then make a line across the ground

3) Go right and around, what will it be? Go around again and you'll have a three!

4) Down and over and down some more, that's the way to make a four.

5) Down and around and then you stop. Complete the five with a line on top!

6) With a curve and a loop, there are no tricks in learning to make a perfect six.

7) Across the sky and down to the ground, that's the way to make a seven.

8) We make an "S" but do not wait, go back up and close the gate.

9) A circle first, and then a line. It's so easy to make the number nine.
